

# THE SUMMER ACADEMY

## SUPPORTING YOUR SUCCESS IN YOUR POST-SECONDARY JOURNEY

The Summer Academy offers an opportunity for students to elevate their academic, study and life skills while in high school and before pursuing a formal post-secondary program. Students gain valuable foundational programming in either a focused Business, Health Sciences, or Sciences stream.

**A Global Hub for Excellence** - Ranked among the top universities in Canada, and top 1% of universities in the world, Western University is renowned for its leadership in business, health sciences, and science.

at Western University

## Western

at a Glance

**FOUNDED:** 1878

**LOCATED:** London, Ontario, Canada

### An Unparalleled Campus Experience

Hosted on the beautiful and vibrant Western University campus, students will experience a world-class academic environment surrounded by serene green spaces. Western's campus is an inspiring setting to both study and unwind.

### Safe and Comfortable Accommodations

Students will stay in secure, on-campus residence, offering peace of mind for families and a chance for participants to bond with peers from around the world. Daily meals and evening activities balance academics and cultural engagement.

### Cultural and Social Events

Outside the classroom, students will explore Western's lively campus, participate in enriching group activities, and create lifelong memories. This program ensures a safe, supportive environment where students can thrive.

## Learn More

Discover an engaging and supportive program where teenagers can explore their passion for science, technology and entrepreneurship.

Western's two-week Academy offers an unparalleled academic experience, empowering teenagers to dive into their interests and explore potential academic and career paths.

Beyond the classroom, participants will immerse themselves in the vibrant campus life at Western University, discovering all the opportunities and experiences the world-class institution has to offer.
